

API

User Login	
URI	http://api.m4nfa1.net/305cde/user/login
Method	POST
Data	{ usrname = "user1", usrpasas = "user1", }
Result	{ "status": "200", "message": "Logged", "data": [{ "user_id": "46", "user_loginname": "user1", "user_logintime": "2016-08-03" }] }
Error	{ "status": "404", "message": "No User", "data": false }

Register	
URI	http://api.m4nfa1.net/305cde/user/register
Method	POST
Data	{ usrname = "user0", usrpasas = "user0", usremail = "user0@address.com", usrbday = "2000-01-01", usrgender = "M", }
Result	{ "status": "200", "message": "ok", "data": true }
Error	{ "status": "500", "message": "Error", "data": false }

User Profile Update

URI	http://api.m4nfa1.net/305cde/user/update
Method	GET
Data	<pre>{ username = "user0", usrpasas = "000", usremail = "user0@address.com" }</pre>
Result	<pre>{ "status": "200", "message": "Updated ", "data": true }</pre>
Error	<pre>{ "status": "500", "message": "Not success", "data": false }</pre>

Delete User	
URI	http://api.m4nfa1.net/305cde/user/delete
Method	GET
Data	{ usrname = "user0", usrpasas = "000", }
Result	{ "status": "200", "message": "Delete success", "data": true }
Error	{ "status": "500", "message": "Bad Request", "data": false }

User Type Filter	
URI	http://api.m4nfa1.net/305cde/user/type
Method	POST
Data	<pre>{ usrtype = "user" }</pre>
Result	<pre>{ "status": "200", "message": "Delete success", "data": [{ "user_id": "46", "user_status": "notactive", "user_type": "user", "user_createtime": "2016-08-03", "user_loginname": "user1", "user_password": "24c9e15e52afc47c225b757e7bee1f9d", "user_email": "user1@address", "user_emailkey": "emailkey", "user_birthday": "2003-11-30", "user_gender": "M", "user_logintime": "2016-08-03" }] }</pre>
Error	<pre>{ "status": "500", "message": "Bad Request", "data": null }</pre>

Check User	
URI	http://api.m4nfa1.net/305cde/user/check
Method	POST
Data	{ usrname = "user0", }
Result	{ "status": "200", "message": "Delete success", "data": { "user_id": "53", "user_status": "notactive", "user_type": "user", "user_createtime": "2016-08-03", "user_loginname": "user0", "user_password": "c6f057b86584942e415435ffb1fa93d4", "user_email": "user0@address", "user_emailkey": "emailkey", "user_birthday": "2000-01-01", "user_gender": "M", "user_logintime": "2016-08-03" } }
Error	{ "status": "404", "message": "Not Found", "data": false }

Show All News	
URI	http://api.m4nfa1.net/305cde/news
Method	GET
Data	
Result	<pre>{ "status": "200", "message": "Delete success", "data": { "news_id": "8", "title": "South Sudan's rul... ", "date": "2016-07-03", "content": "An international conflict research group said South Sudan was... ", "image": "e4BE1CKbXLS6F8gJS0A.jpg" } }</pre>
Error	<pre>{ "status": "500", "message": " Bad Request ", "data": null }</pre>
